How to access external documents through HIE

ATTENTION: Physicians

1. Click HIE link in Firstnet while a patient is selected.

2. Click "Clinical Documents" on top.

3. Set look back time frame.

4. Select "Show External Documents" box

5. Click "Show"

6. Click "Refresh" when notified to refresh

7. Open "Summarization of Episode" document

System will begin searching external documents. May take up to 5 min depending on search criteria.

The system is still searching. Once the search is complete, the system will prompt for a refresh.

Please Note: Additional data available. Click Refresh

For any questions please call the Clinical Informatics Team
